

NOT RIDDLED—

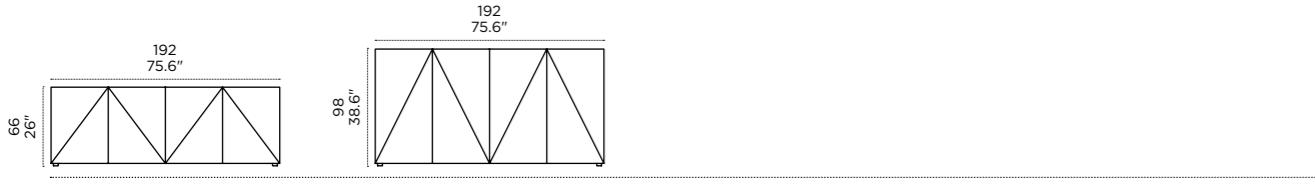

Steven Holl, 2007

Not Riddled presenta ante plasmate a forma di diamante che si aprono e si chiudono senza l'ausilio di cerniere. Steven Holl ha saputo modellare un foglio di legno-tessuto che, grazie a piccole incisioni eseguite al laser, può essere piegato come un origami, abbracciando i fianchi del contenitore. Not Riddled è la sublimazione di un'estetica contemporanea e di un'intelligente applicazione di innovazione meccanica.

NOT RIDDLED — Not Riddled features a set of diamond-shaped doors that can be operated without hinges. Steven Holl has managed to shape a wood-fabric piece that through small, laser-inscribed incisions, can be folded in an origami-like fashion, holding the container sides. Not Riddled is the sublimation of a contemporary and intelligent application of mechanical innovation.

NOT RIDDLED — Not Riddled se distingue par des portes travaillées en forme de diamant qui s'ouvrent et se referment sans l'aide de charnières. Steven Holl a su façonnner une feuille de bois-tissu qui, grâce aux petites incisions réalisées au laser, se plie comme un origami, en épousant les contours du meuble. Not Riddled est la sublimation d'un esthétisme contemporain et d'une application intelligente de l'innovation mécanique.
