
Dock

SOFAS

Piero Lissoni

Description

Il nuovo sistema di imbottiti Dock di Piero Lissoni si presenta come un approdo sicuro nel panorama domestico. Si tratta di un sistema molteplice e altamente flessibile, grazie alle innumerevoli combinazioni che gli 84 elementi della collezione sono in grado di generare. Il pianale è la piattaforma attorno alla quale prende forma Dock. La sua forte presenza materica sottolinea con decisione la vocazione orizzontale di questo eclettico sistema. Il pianale diventa un elemento dinamico, poiché si allunga ai lati per formare un piano d'appoggio. Il bracciolo è sottile, con due profondità, generosamente imbottito così come lo schienale. Anche i cuscini giocano con dimensioni e proporzioni, rendendo possibile la creazione di composizioni bifacciali, angolari, chaise-longue, con o senza schienale, adatte al centro stanza ma anche a soluzioni più tradizionali. Ma Dock si sviluppa anche in verticale ed è dotato di accessori che permettono di creare un panorama variegato. Tra i cuscini della seduta si possono infatti inserire elementi extra quali confortevoli braccioli imbottiti, mentre sul pianale slanciati elementi di servizio. Questi elementi di appoggio per il corpo e per gli oggetti sono in grado di garantire ancora maggiore scelta, in un ritmo visivo

che offre ulteriori possibilità di vivere e concepire il sistema. I cuscini bracciolo e i cuscini sedile presentano un'elegante cucitura con profilo tono su tono. Oltre alla classica gamma di rivestimenti B&B Italia in tessuto e in pelle, per Dock sono stati studiati due nuovi tessuti esclusivi che si distinguono per una forte presenza materica. La comodità delle soffici imbottiture crea un porto tranquillo, il cui carattere può essere ulteriormente definito dalla scelta delle profondità e delle altezze. Infatti, le tre profondità possono essere combinate con un'altezza della seduta da 41 centimetri, ma si può scegliere anche una versione da 27 centimetri, quasi rasoterra, per accomodarsi all'orientale. Dopo aver trascorso un po' di tempo su Dock, si potrà lasciare il porto e salpare verso nuovi approdi, ripostati e ricaricati.

Technical information

Telaio interno sedile (base rivestita)

tubolari e profilati d'acciaio, pannello in multistrato di legno, fodera in fibra di poliestere

Telaio interno sedile (base legno)

tubolari e profilati d'acciaio, pannello in multistrato di legno impiallacciato, legno massello

Telaio interno schienale e bracciolo

tubolari e profilati d'acciaio

Imbottitura cuscino sedile

poliuretano sagomato a densità differenziata, piuma sterilizzata, fodera in fibra di poliestere

Imbottitura cuscino schienale

piuma sterilizzata, fodera in fibra di poliestere

Piano

pannello in fibra di legno MDF impiallacciato

Capsula

acciaio

Struttura di sostegno

profilati d'acciaio

Supporto bracciolo (DA31B)

alluminio e acciaio

Piano bracciolo (DA31B)

legno massello, poliuretano sagomato a densità differenziata, fodera in fibra di poliestere

Supporto elemento di servizio

acciaio

Piano elemento di servizio

legno massello o vetro

Puntali

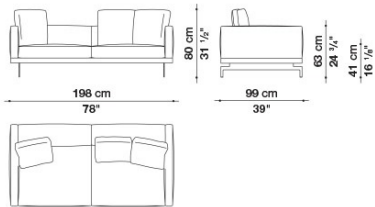

materiale plastico

Rivestimento

tessuto (profilo cannetè) o pelle

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
