

## *New collections 2013*

---

*"Architettura e design talvolta ricoprono ruoli complementari ; il nuovo divano "Edmond" di Flexform , disegnato da Carlo Colombo rappresenta attraverso la generosità del segno grafico l'interpretazione neoplasticista di architetture domestiche , dove la struttura in tubolare metallica e' avvolta da un macro intreccio di tessuto che ne scandiscono le forme..... Abbondanti e comode sedute disponibili nelle finiture a catalogo lo rendono poi adatto a qualsiasi ambiente."*

**EDMOND**

*"Architecture and design sometimes fulfil complementary roles; through the generosity of its graphic design, the new "Edmond" sofa by Flexform, designed by Carlo Colombo, represents the neoplastic interpretation of domestic architectures, where the tubular metal structure is enveloped by a macro-weaving of fabric giving cadence to its forms..."*

*Generous, comfortable seats available in the finishes in the catalogue make it suitable for any environment."*

*"Architektur und Design können sich bestens ergänzen: Das neue Sofa "Edmond" von Flexform, entworfen von Carlo Colombo, repräsentiert mit der Großzügigkeit des grafischen Zeichens die neoplastische Interpretation der häuslichen Architektur, denn das Gestell aus Metallrohren wird von einem Makrogeflecht aus Stoff umhüllt, das die Formen betont...Mit seinen großzügigen, bequemen Sitzflächen, die in den im Katalog genannten Bezügen erhältlich sind, ist es für jedes Ambiente geeignet."*
