

Family Life

design Piero Lissoni

One-piece frame in double-panelled pine and poplar, with metal frame seat and sprung base with elastic straps in covered rubber. Feet in coated steel covered in stained oak or satin finish nickel steel. Padding in differentiated density polyurethane foam. Acrylic fibre cover with polyamide velveteen backing. The seat and back cushions are in prewashed and sterilised goose down, with insert in preformed polyurethane foam, or with a polyurethane foam structure covered with acrylic fibre layers. Leather or fabric upholstery. The covers of the fabric version are fully removable. Seat depth 62cm.
