# George

SOFAS

Antonio Citterio

## Description

The new sofa George for the Project Collection is a derivate of the classic product originally created by Antonio Citterio in 2001. For the contract office market the product has been revised with fuller cushions both seat and back that create an elegant and comfortable seating range with a higher formal seat height. The collection has two armchair sizes and sofas of two and three seats.

## Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
