2016 - Massimo Castagna

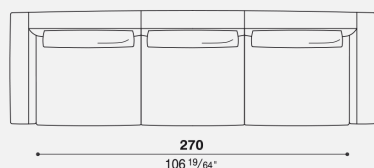

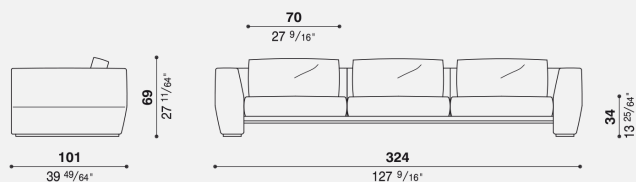

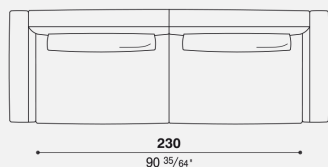

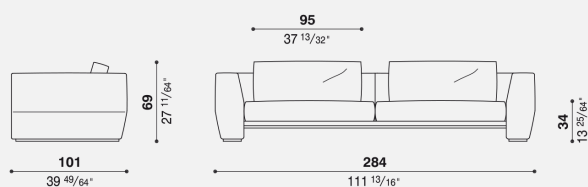

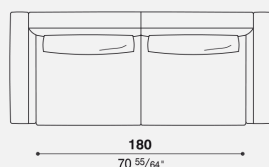

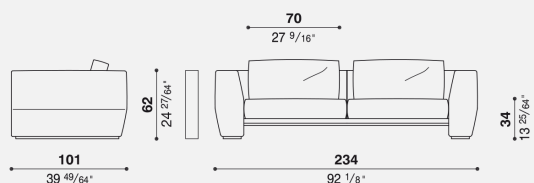

Description

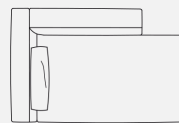

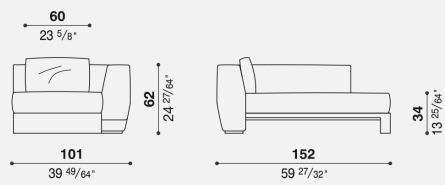

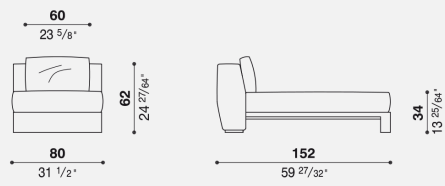

A sofa with a special bridge structure, slender and linear, that reveals and enhances the decisive forms and the pronounced volumes of the weight-bearing arms, giving an unusual shape to comfort, strictly in leather. The low back creates an unusual contrast between the height and the depth of the seat, while the cushions create a harmony with the severity of the structural lines, liberating a feeling of comfort and relaxation. Its unusual suspended effect creates a dreamy, relaxed atmosphere, soft and at the same time exquisitely squared, with shapes that give a personal character to the living space.

Finishings

Soft feather cushions, whose softness contrasts nicely with the taut lines of the structure, provide great comfort and lumbar support. Covered in full grain, aniline dyed calfskin with a light natural grain finish (Top Leather) or with a smooth semi-gloss waxed finish (Extra leather). The family of sofas, available in three lengths, is completed by the daybed and chaise longue.
