
Bay

SOFAS

Nipa Doshi and Jonathan Levien

Description

Bay is a sculptural, monolithic collection of braided outdoor furnishings. Enveloping braided volumes are combined with padded rock-like seats and soft cushions that reflect the elegance, comfort and refinement of B&B Italia's indoor products. Sensually shaped, their double braiding creates air pockets that grant transparency and lightness to the collection.

Technical information

Internal frame

tubular steel and steel profiles

Back frame

aluminium

polypropylene fibre braid

Feet and ferrules

thermoplastic material

Waterproof cover cloth

PES fabric coated on one side in PU

Cover

fabric in limited categories

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
