# Ray Outdoor Fabric

SOFAS

Antonio Citterio

## Description

Ray Outdoor Fabric si distingue per l'intreccio a "nastro", realizzato in fibra di polipropilene resistente ai raggi UV ed agli agenti atmosferici. La gamma di colori, particolarmente adatta agli ambienti outdoor, varia dal turchese al blu, dal verde acido al tortora sino ad un vivo colore bordeaux. Le tipologie di seduta di entrambe le collezioni si compone di divani in due profondità e di elementi componibili, dai terminali alle chaise longue, e alla poltrona. Il lettino con ruote è presente unicamente nella collezione "Fabric".
