
Ray Outdoor Natural

SOFAS

Antonio Citterio

Description

After the success of the indoor collection, the Ray seating system by Antonio Citterio attires itself for outdoor use with two new seating collections, "Natural" and "Fabric" that have in common a light extruded aluminium frame and are distinguished by various interlacings and materials. Ray Outdoor Natural features a "rope" interlacing inspired by natural abaca and designed to perfectly merge with nature. It uses textilene that is perfectly suited for outdoor settings.
