Jasper Morrison

Londra 1959

Born in London in 1959, Jasper Morrison graduated from the Royal College of Art and established his first design office in 1986. Immediately following, he began his lasting and valuable collaboration with Cappellini. Nowadays he works in London and Paris for high-level companies such as Alessi, Flos, Rowenta, Sony and Samsung. Each Morrison project has a simple elegance which makes it strongly modern as an archetype linked to past, favoring function on expression.
