The light structure matches with the capitonné in leather of the headboard. A true protagonist of the night room, for those who want to feel unique in their home.

Night collection

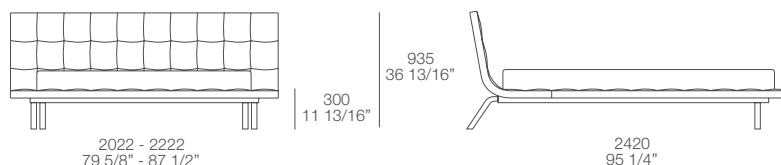

Variety is the word to define the collection: eleven different proposals, eleven ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined.
