

# MELODY

(Designer Neuland Industriedesign)

A bookcase designed to display books horizontally. Standard compartments characterized by a variety of shelving positions where also big volumes have a place. The single unit can always be turned upside down. You can flank more units, thus creating a continuous or discontinuous pattern in the shelves.

To this purpose the plinth is delivered unmounted so as to be used as desired.

## Structure

Uprights and shelves in thickness 8 mm, made from MD wood fibreboards, goffered lacquer in white; back from 10 mm thick white melamine-coated board.

The version in goffered black lacquer has the back from black melamine-coated board.

By flanking more units, you can create large-sized configurations.

Adjustable feet to 15 mm.

For safety reasons, it is highly recommended to fix the unit to the wall.

Please note: it is suggested not to fix the units horizontally

## Dims

Height 216.3 cm, length 88 cm, depth 25 cm.
