

BONALDO

DRAGONFLY

design Karim Rashid

The elegance of curves, the simplicity of one movement.

Indeed, a single gesture is required to turn this relaxing armchair, with its pleasantly evocative name, into a comfortable chaise longue. Dragonfly has a steel frame and a chromed or painted matt black base; the padding is in polyurethane, while the fully-removable upholstery is in fabric, skay (eco-leather) or leather.

UPHOLSTERY:

fabric
skay (eco-leather)
leather

BASE:

chrome-plated
painted matt black
