

sillón

design Lievore Altherr Molina (2002)

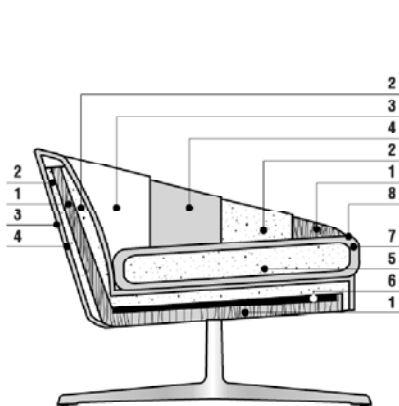

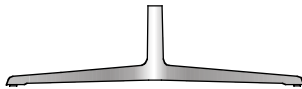

Caratteristiche: Poltrona girevole fornita sia in versione alta, con poggiatesta regolabile a varie altezze, che in versione bassa. La versione alta consente di raggiungere il massimo comfort soprattutto se abbinata al pouff sempre girevole. La versione bassa è adatta alla conversazione. Ambedue sono progettate anche per un uso di contract intenso. Sono completamente e facilmente sfoderabili. **Struttura:** Fusto in legno multistrato, imbottito in poliuretano ad altissima densità e a quote differenziate; molleggio con nastri elastici intrecciati. Prerivestimento con tela accoppiata con fibra poliestere. La base è a 4 razze girevole a 360° in fusione di alluminio lucidato. **Imbottitura cuscini:** I cuscini di seduta sono in poliuretano indeformabile più Dacron® DuPont Gold-Filigrana™. **Contract:** Su richiesta, per forniture, si costruisce con materiali ignifughi classe 1 IM.

Features: Swivel armchair available with high backrest, with headrest adjustable in different heights, or with low backrest. The high back model allows maximum comfort especially if coupled with the swivel pouf. The low model is suitable for sitting and chatting. Both armchairs are designed for intense contract use and they are completely and easily removable. **Framework:** The frame is made of plywood and padded with very high density differentiated polyurethane; the armchair is sprung with interwoven elastic belts. The lining consists of fabric coupled with polyester fibre. The armchair is available with a four-legged support structure made of polished cast aluminium, 360° swivel. **Cushion padding:** The seat cushions are made of non-deformable polyurethane plus Dacron® Dupont Gold-Filigrana™. **Contract:** Available upon request, made using fireproof materials belonging to Class 1IM.

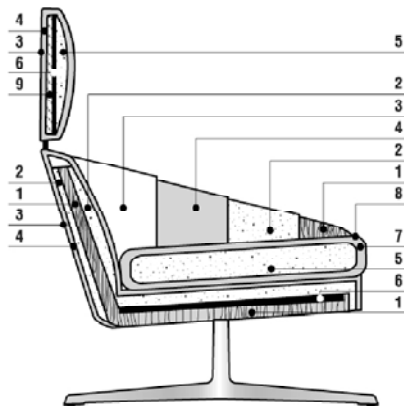

Eigenschaften: Drehbarer Sessel, lieferbar sowohl in hoher Ausführung mit höhenverstellbarer Kopfstütze, als auch in niedriger Ausführung. Die hohe Ausführung ermöglicht ein Höchstmaß an Komfort, besonders in Zusammenhang mit dem drehbaren Pouf. Die niedrige Ausführung ist zur Konversation geeignet. Beide sind auch für intensives Contract entwickelt. Einfach und komplett abziehbar. **Struktur:** Gerüst aus schichtverleimtem Holz, gepolstert mit hochdichtem und schichtdifferenziertem Polyurethan, Federung aus geflochtenen elastischen Gurten. Unterbezug aus Stoff mit Polyesterfaser. Der Sessel ist mit vierbeinigem, um 360° drehbarem Untergestell aus glänzendem Aluminiumguss lieferbar. **Kissenpolsterung:** Die Sitzkissen sind aus undeformierbarem Polyurethan plus Dacron® Du Pont Gold-Filigrana™. **Contract:** Auf Anfrage, Fertigung mit feuerfesten Materialien der Klasse 1 IM.

BASE BASE UNTERBAU

4 razze: fusione alluminio lucidato.
Four-legged support structure:
polished cast aluminium.
4 Füße: polierter Aluminiumguss.
