# Hadis White collection

In un mondo i cui nuovi stili di vita impongono ritmi serrati, l'ufficio diventa un luogo neo-abitativo dove ritagliarsi uno spazio su misura. Archiutti è un'azienda da sempre attenta al comfort, proponendo arredi che per design e cura dei dettagli, si adattano ad ogni esigenza, coniugando la tecnicità del prodotto ad una ricca gamma di materiali e colori. Le nuove collezioni di arredi Hadis si vestono di bianco, seguendo il trend che vede la luce come motore del progetto. La tecnologia dei dettagli e il "white feeling" convivono sia con il design minimale e contemporaneo, sia con quello sinuoso ed avvolgente, e l'atmosfera pura suggerita dal bianco concorre alla creazione di ambienti sempre più luminosi e leggeri.

product design **ambostudio**

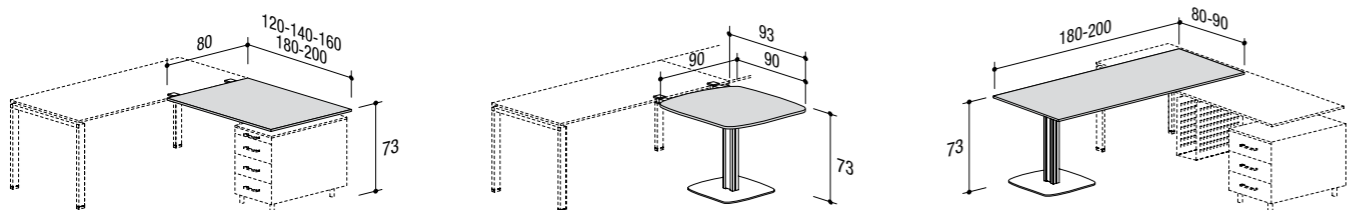

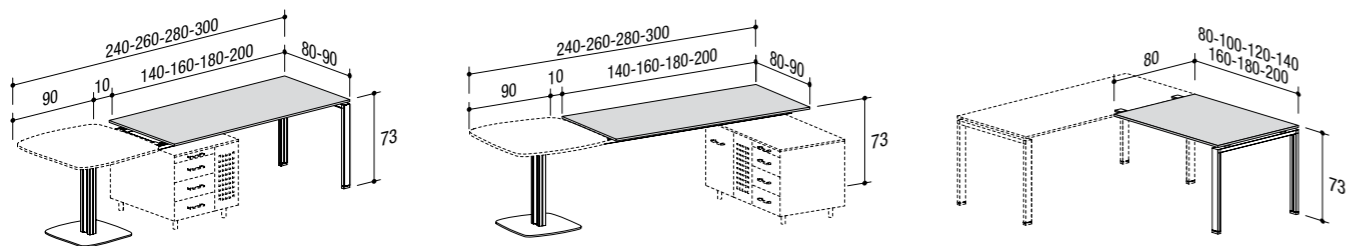

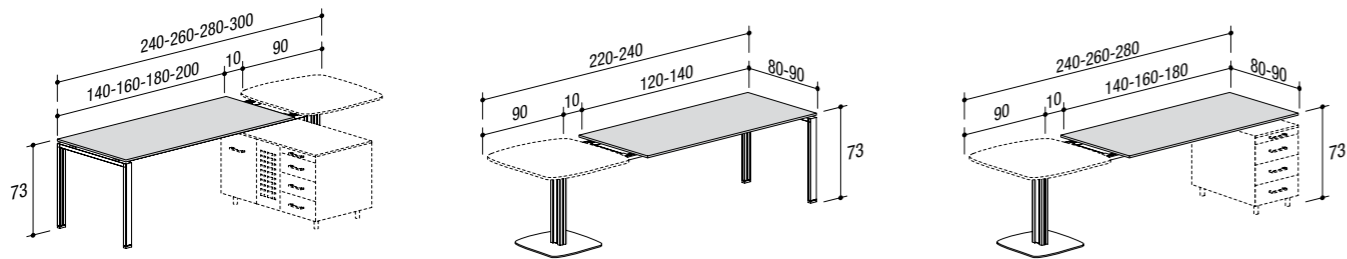

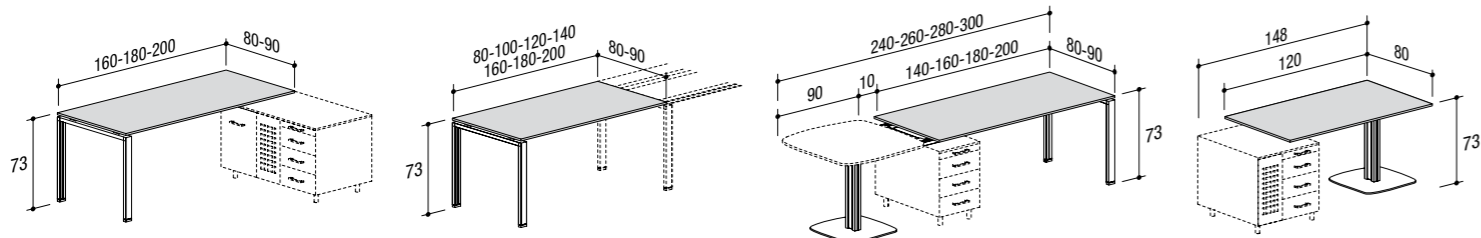

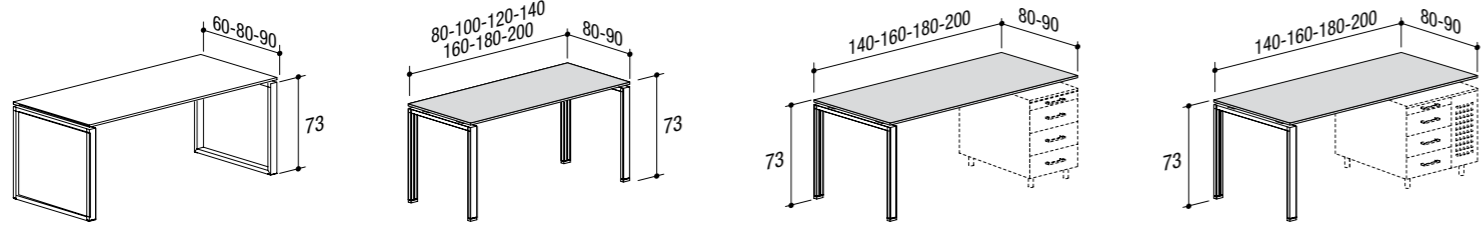

In a world where new lifestyles set a rapid pace, the office is becoming an extension of living space, where everyone creates an environment to fit their needs. Archiutti has always prioritised comfort, offering furnishings with fine design and carefully styled details that adapt to all requirements, combining high-tech features with a rich assortment of materials and colours. The new Hadis furniture collections are in white, following the trend in which light is the driving force of the design scheme. The technological details and "white feeling" fit attractively into both minimal, contemporary and more sinuous, comfortable interior designs, and the pure atmosphere created by the use of white helps to give rooms a more luminous, lighter air.

Dans un monde où les nouveaux styles de vie imposent des rythmes serrés, le bureau devient un nouveau chez soi où se créer un espace sur mesure. Archiutti est une société attentive depuis toujours au confort, proposant des meubles qui par leur design et le soin des détails s'adaptent à tous les besoins, en conjuguant la technicité du produit à une riche gamme de matériaux et de couleurs. Les nouvelles collections de meubles Hadis se parent de blanc, suivant la tendance qui fait de la lumière le moteur du projet. La technologie des détails et le « white feeling » cohabitent à la fois avec le design minimal et contemporain, et avec la ligne sinueuse et enveloppante, et l'atmosphère pure suggérée par le blanc permet de créer des espaces encore plus lumineux et légers.

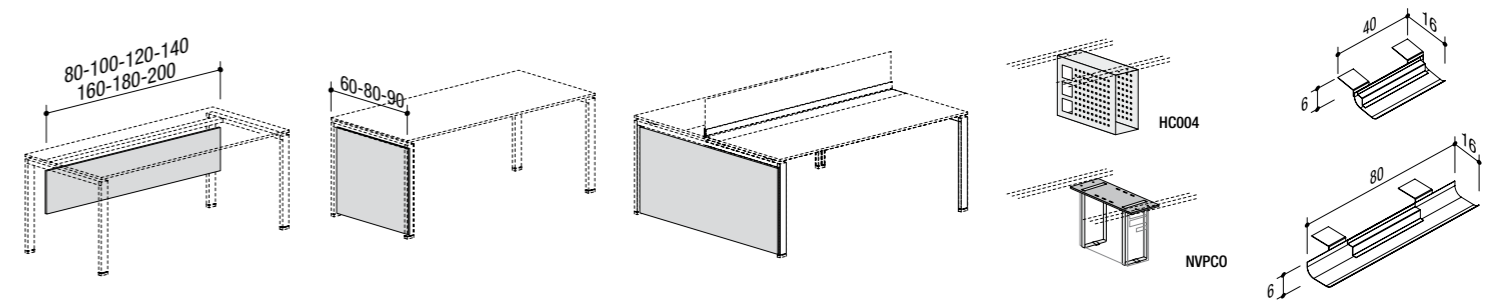

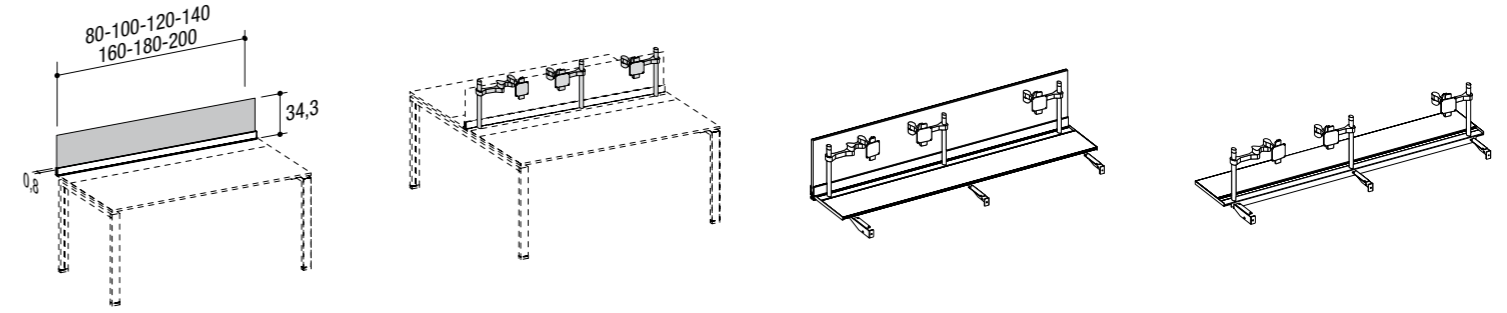

In einer Welt, in der neue Lebensstile wenig Zeit lassen, wird das Büro zu einem zweiten Wohnbereich, wo ein individuell gestalteter Bereich erwünscht ist. Archiutti ist ein Unternehmen, das von Beginn an auf Komfort achtete und Einrichtungen anbietet, die sich hinsichtlich des Designs und der Sorgfalt der Details jeder Anforderung anpassen, wobei die Technik des Produkts mit einem reichen Material- und Farbangebot verbunden wird. Die neue Einrichtungskollektion Hadis wurde weiß gekleidet und folgt somit dem Trend, der das Licht als Antrieb des Projekts betrachtet. Die Technologie der Details und das „White feeling“ leben mit dem Minimal - und dem zeitgenössischen Design, aber auch mit dem warmen und einladenden Flair und der reinen weißen Atmosphäre zusammen, um immer hellere und leichtere Umgebungen zu kreieren.

En un mundo en el cual los nuevos estilos de vida imponen ritmos frenéticos, la oficina se convierte en un lugar neo-habitativo en donde crearse un espacio a medida. Archiutti es una empresa que siempre otorgó una importancia fundamental al confort, proponiendo mobiliarios que, por su diseño y cuidado de los detalles, se adaptan a cualquier necesidad, conjugando las características técnicas del producto con un dilatado abanico de materiales y colores. Las nuevas colecciones de muebles Hadis se visten de blanco, siguiendo la tendencia que pone la luz como motor del diseño. La tecnología de los detalles y el "white feeling" conviven tanto con el diseño minimal y contemporáneo, como con aquel sinuoso y envolvente, y la atmósfera pura sugerida por el blanco crea espacios siempre más luminosos y ligeros.
