NEIL TWIST CHAIR

Designed by Jean Marie Massaud

INDOOR AND OUTDOOR CHAIR

Gritty, versatile, vibrant, yet at the same time an icon of essentiality, in perfect harmony with MDF Italia's style. These are the main features of Neil armchair, that today comes in a brand new version: Neil twist Chair, whose eloquent name makes us sense that the manually braided rope is the project's protagonist, with a key detail - the contrasting internal cross-stitch - that adds character to the overall view.

Neil Twist Chair is proposed in rope with five different colours, with base in white, bronze or black nickel round steel wire.

In this new version, Jean Marie Massaud's chair is highly versatile: it can actually be used both indoors and outdoors, where its neutral or very bright colours will be outstanding in parks and private gardens, meeting places, hotels and public spaces.

SHELL

Load-bearing seating structure made of steel, woven with high-tenacity polyester cord, solution-dyed, guaranteeing high resistance to atmospheric agents, light, and abrasions, with stretch resistance. Sled-base made of steel rod. All Neil Twist Chair models have a stitching detail in a contrasting colour, for all versions, in glossy anthracite colour.

Variants and types: Matt ecru col.23 / Matt anthracite col.03 / Glossy silver grey col.04 / Glossy English green col.17 / Glossy orange - col.11.

BASE

The frames are powder painted in matt white, bronze and black nickel with a specific treatment for outdoor use. Available without armrests.

OUTDOOR COVERING TARPAULIN

Protective tarpaulin specifically for outdoor products, waterproof, made of 100% polyester, outside with acrylic coating, inside with acrylic resin coating. Its characteristics are emphasised by its fully fungicidal Teflon finish. Each tarpaulin comes with a closable slip cover, so that it can be folded and kept correctly when not in use.

OUTDOOR USE

All the variants available, are perfect in both indoor and outdoor environments.
