
Flat.C

WALLSYSTEMS

Antonio Citterio

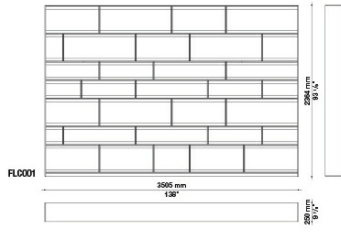

Description

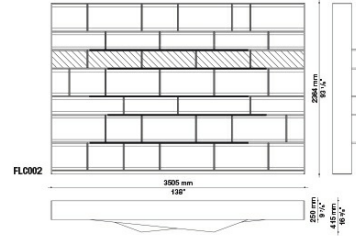

Le esigenze dimensionali delle nostre abitazioni richiedono arredi capaci di risolvere problemi di grande contenimento anche in spazi limitati. Per questo nasce Flat.C che ha l'obiettivo di contenere i libri e di ospitare adeguatamente il televisore e tutti gli apparecchi hi-fi in un ingombro minimo. La sua profondità è di soli 25 cm, gli spessori di piani e fianchi sono estremamente ridotti, vi è assenza totale di giunti a vista: queste caratteristiche danno vita a un progetto che non si impone nell'ambiente, ma risolve con eleganza le funzioni per le quali è stato pensato.

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
