

Lilium

Designed by Bartoli Studio

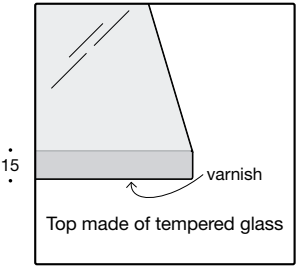

The supports of Lilium recall a flower stem, thanks to pressure die-cast aluminium, providing harmonious and coherent shapes. The load-bearing glass top is available in different dimensions. In fact, the table legs are directly attached to the top.

Leg finish:

- Aluminium with white lacquer
- Aluminium with anthracite grey lacquer
- Aluminium with black lacquer
- Aluminium with aluminium lacquer

Finish of top:

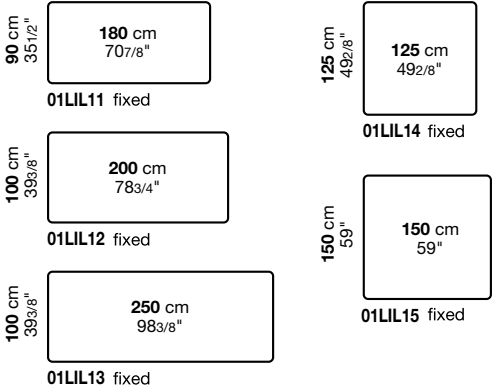

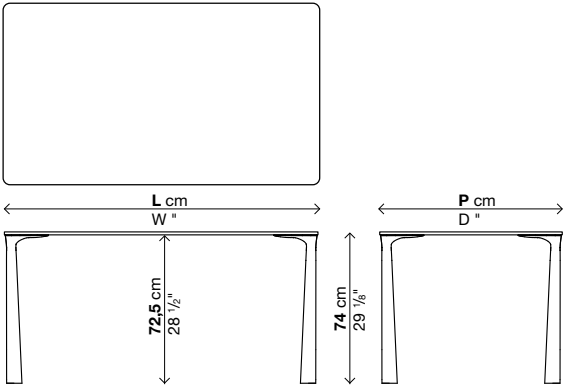

- Gloss glass in colours: extra white, anthracite grey, black, titanium
- Matt glass in colours: extra white, anthracite grey, black, titanium

 Tables have a top that slightly bends, which complies with accepted quality standards.
