

C.E.O. Cube Meeting Table — L. and M. Vignelli — 2008

La nuova linea esprime il desiderio di superfici leggere consono alle espressioni architettoniche contemporanee. Il contrasto tra il volume della cassettiera - libreria e le superfici sottili del piano di scrittura ed il pannello di supporto, conferisce alla scrivania snellezza ed autorità, elementi caratteristici del management contemporaneo. Il tavolo riunioni riprende lo stesso linguaggio in dimensioni variabili, rettangolare, quadrato o tondo.

- Hardware con pannelli centrali e passacavi
- Hardware con sportelli centrali e passacavi

Con pannelli centrali. È dotata di un tunnel passacavi in lamiera di metallo traforata e verniciata di colore nero. Al di sopra del tunnel passacavi si estende una fila di pannelli in MDF rivestiti in pelle.

Hardware con pannelli centrali e borchie passacavi. Presenta, in aggiunta alla versione precedente, una serie di borchie in metallo inserite al centro di ciascun pannello centrale che consentono l'uscita dei cavi sul piano e disponibili nella versione:

- Cromata
- Verniciata nera.

The new series epitomises the desire for light surfaces that are in keeping with contemporary architectural expression. The contrast between the volume of the drawer chest-bookcase and the slender surfaces of the desktop and the supporting panel gives the desk a streamlined and authoritative feel, distinctive characteristics of contemporary management. The meeting table adopts the same language in variable dimensions, rectangular, square or round.
