

ORTODOSSO

design N Lab

Letto tessile con testata extra slim realizzata in legno multistrato da 18 mm, non removable cover, sulla quale è applicato a mano l'intreccio delle strisce di cuoio tagliate. La testata è proposta a scelta con o senza le due parti oblique laterali dotate della caratteristica cintura in cuoio portariviste. La struttura del giroletto in metallo è rivestita da un carter in alluminio verniciato in 4 colorazioni ed è fissata alla struttura della testata. **Ortodosso è disponibile solo in cuoio Cinto.**

Il rivestimento della testata Ortodosso è realizzabile solo in materiale cuoio Cinto nei 6 colori di campionario.

Sistemi di riposo compatibili

- Rete ortopedica a doghe differenziate

Textile bed with extra slim headboard made of 18 mm plywood, non-removable, on which the weaving of cut leather strips is applied by hand. The headboard is offered with or without the two lateral oblique parts equipped with the characteristic leather magazine holder belt. The metal bed frame is covered by an aluminum casing painted in 4 colors and fixed to the headboard structure.

Ortodosso is only available in leather Cinto.

The covering of the Ortodosso

headboard can only be made in Cinto leather material in the 6 sample colours.
