

BLOW Air Hockey Table

MC.GT.AH.BLW

Description

Blow, is the new Air Hockey table by Vismara. Its beauty comes from its simplicity: clean lines, essential design and precious materials. Its greatest quality is the perfect balance between form and function.

It is equipped with boosted engine and fans to guarantee an excellent game fluidity. The engine generates an air pillow on the playing field, to make the disk sliding like on an ice plate. The playing field is in metal laminate with punctures that guarantee a proper air backflow. The whole structure is entirely covered in leather. The upper part of the sides is in Canaletto walnut or Ebony Makassar veneer.

The scoreboard and the goal are in steel. The table is complete of 2 pushers and 2 disks.
