

Tufty-Time 20

SOFAS

2025

Patricia Urquiola

Description

Tufty-Time 20 represents the contemporary evolution of Tufty-Time, the iconic sofa system designed by Patricia Urquiola in 2005. Twenty years after its launch, the system has been reinterpreted while maintaining the essential characteristics that have made it a great success, including modularity, enveloping comfort and compositional flexibility. The volumes, padding and seat height have been redesigned to offer even greater comfort, while the introduction of a curved module expands the system's potential, giving rise to even more fluid and convivial configurations, ideal for both residential and contract spaces. Particular attention has been paid to the theme of circularity. Tufty-Time 20 is in fact fully disassemblable, ensuring that all the components can be given a second life at the end of the product's life cycle.
