

Otium Soft

DIVANI

2020

Antonio Citterio

Descrizione

Otium Soft è un sistema di sedute che si distingue per il gusto classico contemporaneo, le proporzioni generose e il grande comfort. Proposto in diverse dimensioni e profondità, permette di creare molteplici soluzioni lineari e angolari, anche con elementi terminali con pouf. Dettagli fortemente distintivi sono il bracciolo dalla forma rastremata, i profili in ecopelle che delineano e impreziosiscono le versioni in tessuto e le ricercate cuciture "a profilo" per quelle in pelle. Due le tipologie di cuscini schienale tra cui scegliere per una seduta più formale o più morbida e informale. La struttura è sottolineata alla base da un profilo metallico.

Informazioni tecniche

Telaio interno

tubolari e profilati d'acciaio

Imbottitura telaio interno

schiuma di poliuretano flessibile a freddo Bayfit®, poliuretano sagomato, fodera in fibra di poliestere

Imbottitura cuscino sedile

poliuretano sagomato, piuma sterilizzata, fodera in fibra di poliestere

Cuscino schienale (NU60C-NU90C)

piuma sterilizzata, fodera in cotone, tipologia a fascia

Bordo inferiore

fusione ed estrusi d'alluminio

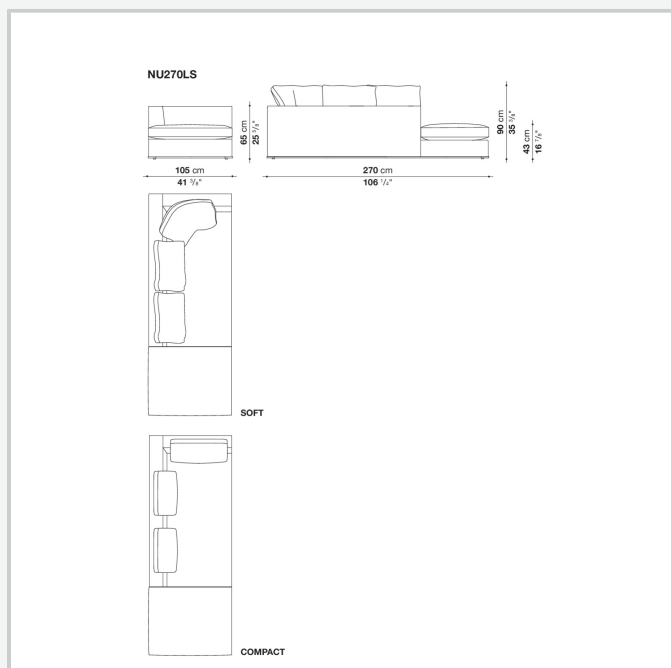

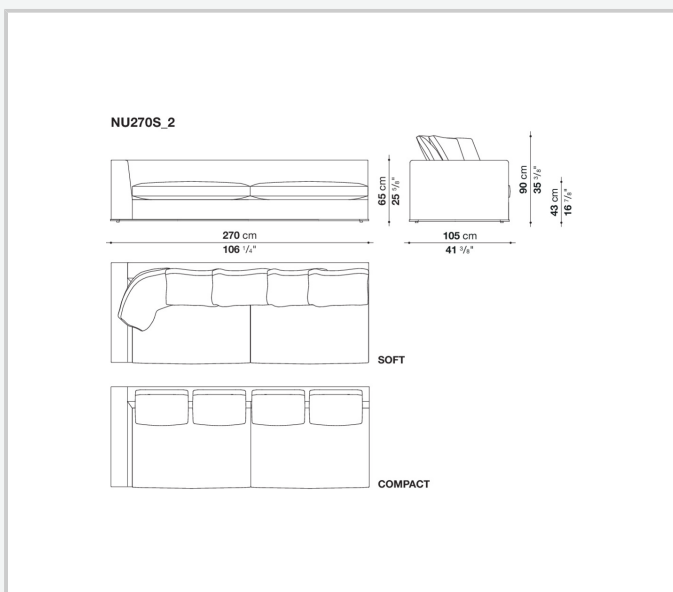

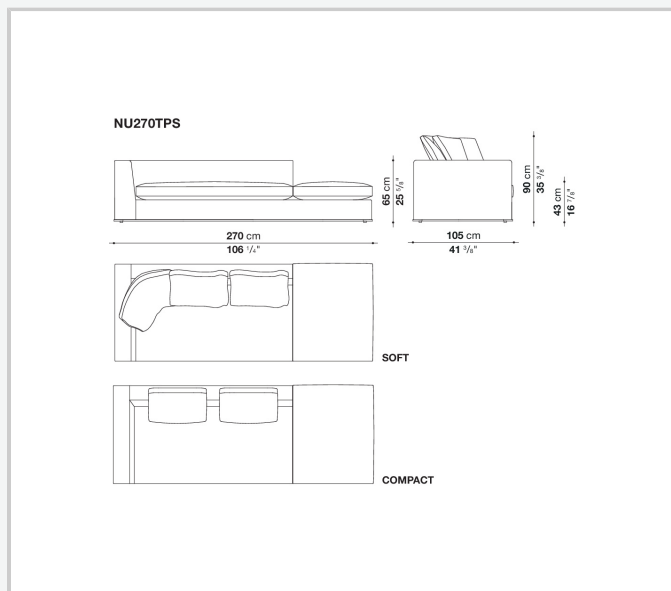

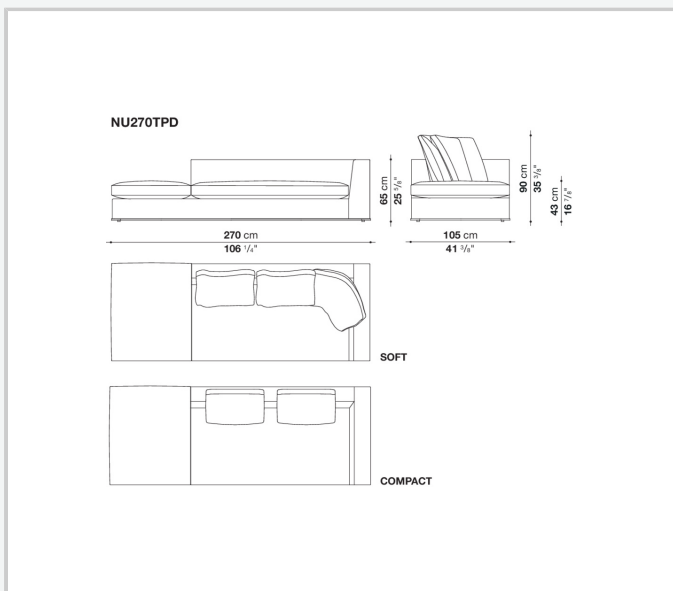

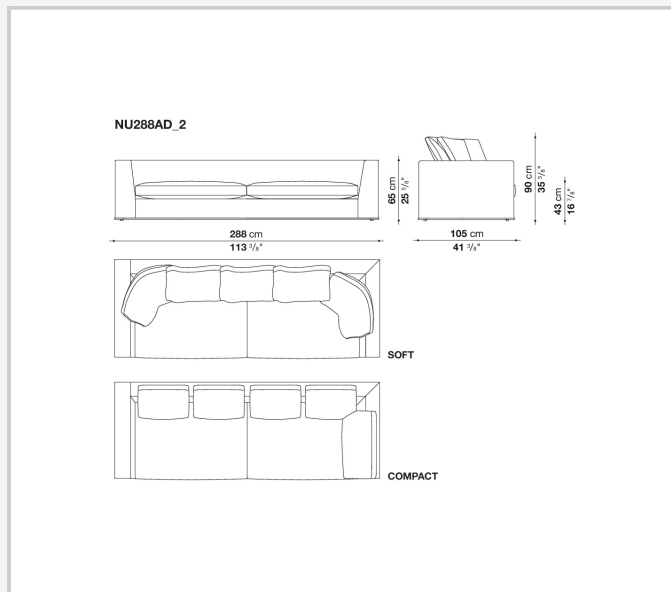

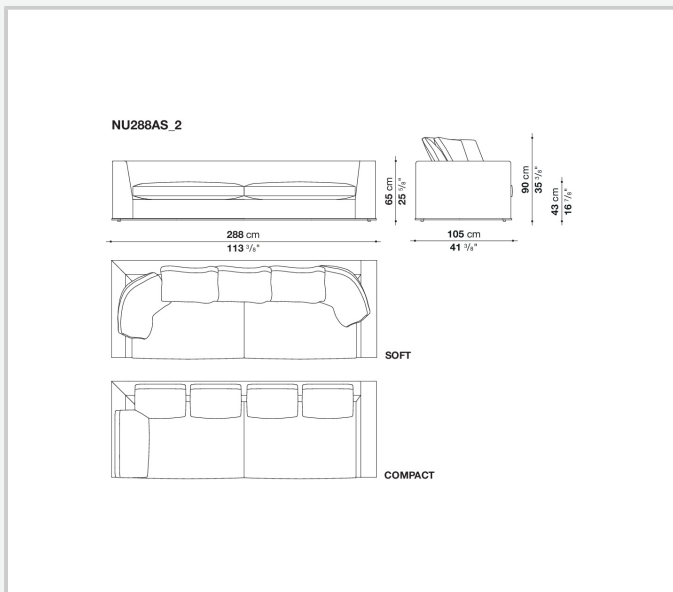

Puntali

materiale termoplastico

Rivestimento

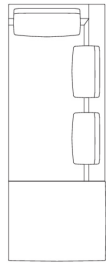

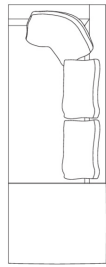

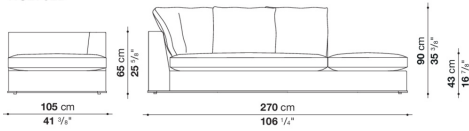

tessuto (profili in ecopelle) o pelle (cuciture a profilo)
